3500 Analyzer Users SAVE 20-50% On

Reaction Strips
Serum Cups
Thermal Paper

Consumable Lab Supplies has been supplying quality disposables to Gilford® 3500 users at a savings of 20-50%. We will ship your order the day it is received and offer standing orders at fixed, reduced prices eliminating the need for stock piling.

Write or call for more information and get your 3500 supplies when you need them. Free samples available.

CLS Consumable Lab Supplies

STOP!

DON'T CALCULATE ANOTHER RIA UNTIL YOU READ THIS

THE FINEST SYSTEM DEDICATED TO RIA

Radioassay Data Reduction

NEW 2002

ON-LINE: Connects to your existing counter. - Draws standard curves. - Results within seconds after counting each tube. - Automatic or manual edit.

COST EFFECTIVE: Run multiple assays unattended with completely automatic data reduction. Do chemistries - NOT calculations. Load samples, enter start tube, select protocol from RDR memory, and walk away. *RESULTS ARE AUTOMATICALLY COMPUTED.*
